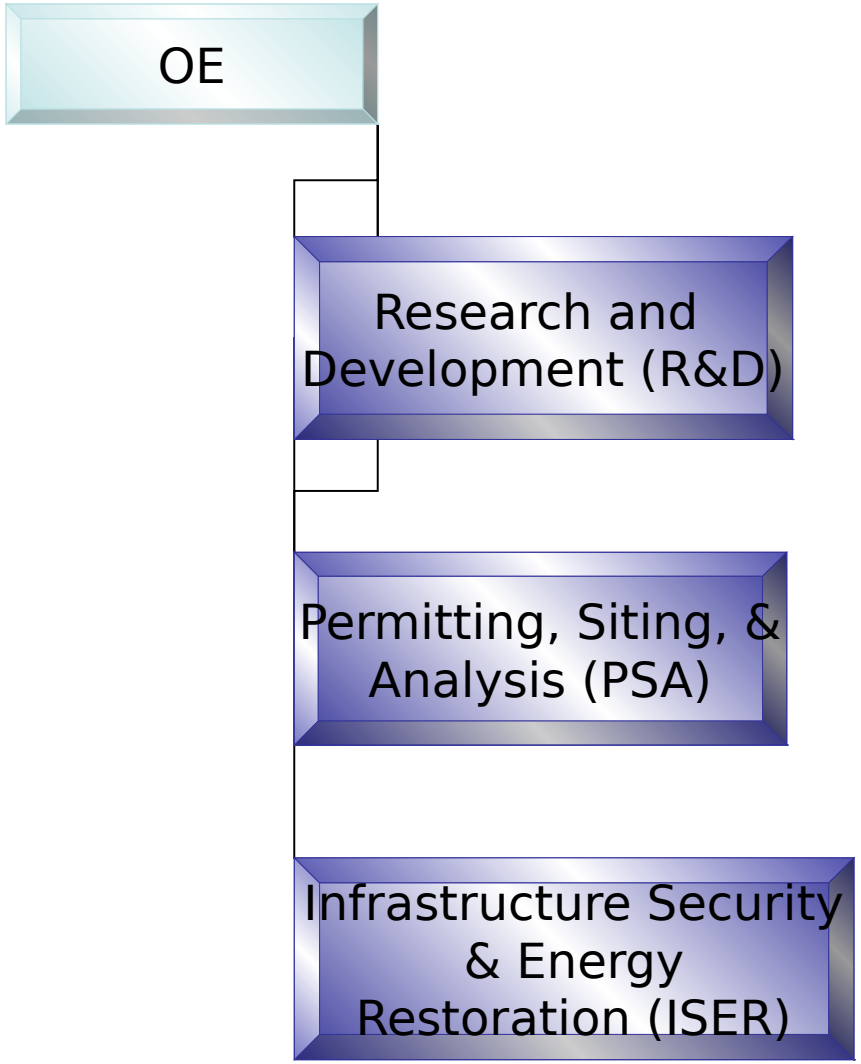
Bonneville Power Administration
Western Power Administration
Southwestern Power Administration

Office Mission

The mission of the Office of Electricity Delivery and Energy Reliability (OE) is to lead national efforts to modernize the electric grid, enhance the security and reliability of the energy infrastructure, and facilitate recovery from disruptions to the energy supply.

Office Divisions

- **Research and Development**
  - Advanced electricity technologies and cyber security programs for control systems
- **Permitting, Siting, & Analysis**
  - Electricity policy coordination and implementation
- **Infrastructure Security & Energy Restoration**
  - Lead the Federal government's effort to ensure a robust, secure, and reliable energy infrastructure



Office of Infrastructure Security and Energy Restoration

- **Mission**
  - Applying the Department of Energy's technical expertise to ensure the security, resiliency and survivability of key energy assets and critical energy infrastructure at home and abroad.
- **Energy Sectors**
  - Electric power (generation, transmission, distribution, etc.)
  - Oil
  - Natural gas
